

Homework 2: eIDAS

Deadline: 9.6.2023, 23:59 MET

To be uploaded via MS Teams as a pdf file

Assignment 2: eIDAS Regulation

Deadline: May 9, 23:59, to be uploaded via MS Teams, as a pdf file

Case description:

Your company is providing some services which require physical presence of the customers.

Therefore you have strong evidence that the customers really exist.

Based on that you would like to offer services: issuing certificates with attestations of the type

"a person with ID X appeared in person on our premises at ..."

The target is that the customer can put such certificate in the own European Identity Wallet.

QUESTION:

check what are the obligations and risks for issuing such certificates. The service is intended to be nonqualified. Present a list of obligations and risks following from eIDAS II Regulation proposal.
